It represents an abbreviated version of the PDL that is at the core of your prescription plan. The PDL is not all-inclusive and does not guarantee coverage. In addition to using this PDL, you are encouraged to ask your physician to prescribe generic medications whenever appropriate.

PLEASE NOTE: Brand-name medications may move to nonformulary status if a generic equivalent version becomes available during the plan year. Not all the medications listed are covered by all prescription plans; check your benefit materials for the specific medications covered and the copays for your prescription plan.
